IMPORTANT

The Securities and Exchange Commission does not pass on the merits of securities registered with it. It does not guarantee any securities, nor can it guarantee the correctness or accuracy of information filed with it in registration statements. The Securities Act of 1933 provides that a registration statement be on file with the Commission and open to public inspection for at least twenty days before a security issue may be offered for public sale in interstate commerce. The Act also requires that a prospectus containing a summary of the data in the registration statement be given to each purchaser of such securities at or before the time of the sale.
